Strategic Business Recommendations

- **Prioritize Technology products** as they deliver the highest sales, highest profit, and the strongest profit margin (14.8%).
- **Review Furniture pricing and cost structure**, especially in the East region where the category records a loss despite strong sales.
- **Replicate successful practices from the South region**, which has the highest regional profit margin (13.3%), to improve profitability in other regions.
- **Expand premium Technology offerings**, as the category commands the highest average unit price while maintaining excellent profitability.
